Filming and photography

Friday is a professional filming day, and portraits and rehearsal photography happen during the week. Consent is captured at booking — if anything changes, tell us at registration and we'll flag it on every call sheet. Footage of your child is only used and shared as you approve.

Upgrades available this week

- **Headshot Mini Session** — 10–15 minutes, directed, three edited selects delivered digitally
- **Showreel Package** — the week's footage cut into a personal 60–90 second industry-format reel

Add either at booking, or speak to the team on Monday morning.
